

BIG STUFF 2019

Preserving large industrial objects in a changing environment

11.09.2019 - 13.09.2019

Katowice / Poland

With the theme "Preserving large industrial objects in a changing environment" Big Stuff 2019 will address the future of large scale industrial heritage in the face of a rapidly changing environment, where social relations, architectural and urban design, landscape environments, mobility infrastructures, and spatial functions are all being transformed, and where climate change adds another unknown to the preservation of historic buildings and machinery.
