In 2025, the TICCIH Travel Grants will be awarded up to 700 Euro each to people **who are attending and delivering papers and/or posters that have been accepted by the Congress's Scientific Committee**. Those who are eligible include graduates, post-graduates who are currently studying, and early-career scholars whose papers have been accepted to the scientific program of our 2025 Congress. Special preference will be given to participants from low-income countries who are not able to receive sufficient financial support from elsewhere. Emerging professionals and practitioners actively working in industrial heritage will also be eligible to apply.
